

Curriculum Vitae

Personal Information:

Name: Majid Yaran

Marital status: Married

Number of children: 2

Academic position: Medical Labraotory Doctor

Address:

Infectious Diseases and Tropical Medicine Research Center. Isfahan University of Medical Sciences. Isfahan-Iran

Tel: +983113377172

fax: +983113373735

E-mail: yanmajid@yahoo.com

Education:

Professional experience: Medical Labraotory Doctor

-

Research Projects:

1) Head project in: "Evaluation & comparison of KIR genotype in Hepatitis B patients , susceptible families to hepatitis B and normal population "

2) Head project in: " Etiologic assessment of pneumonia outbreak occurring in Isfahan Dastgerd prison by using Real time PCR in 2010-2011"

3) Head project in: "Frequency of Vancomycin- resistance of enterococci isolated from paitients in Alzahra hospital in Esfahan by E-test and PCR-2011"

4) Head project in: "Prevalence of infectious rate and identification of Brucella species in raw milk with Real time PCR system in Isfahan city".

5) Head- operate in: "Evaluation of fungal infection-candida and aspergillus species- in febrile hematological malignancies receiving chemotherapy by RT-PCR".

6) Head- operate in: "'Evaluation of fungal infection-candida and aspergillus species-in febrile renal transplant

recipients by RT-PCR".

7) Head- operate in: "Prevalence of infectious rate and identification of bacteria in febrile renal transplant recipients by RT-PCR".

8) Co- operate in: "Investigate the effect of LF on the MIC of vancomycin for vanb resistant isolates of enterococci isolated from patients in Alzahra hospital in Esfahan -2011"

9) Co- operate in: "Prevalence of Hepatitis B and C virus Infection in barbers in the Isfahan City – Iran 2007".

10) Co- operate in: "Prevalence of Hepatitis B and their Risk Factors in Transit Heavy Vehicle Drivers -2007".

11) Co- operate in: "The assessment and management of hepatitis C in IVDA in Isfahan province" 2008. 12) Co- operate in: "Study of Seroprevalence of hepatitis A virus (HAV) in Fresh College Students of Isfahan, Hamedan, Kermanshah University of medical sciences".

13) Co- operate in: "Study of seroprevalence of hepatitis A virus (HAV) in fresh college student of Isfahan, Kermanshah, Hamedan University".

14) Co- operate in: "The Establishment of the first primary immunodeficiency Biobank in Isfahan University of Medical Sciences. "

15) Co- operate in: "Prevalence of infectious rate and identification of Brucella species in dairy product with Real time PCR system in Isfahan city in 1389".

16) Co- operate in: "Prevalence and Genotyping of rotavirus in 2-60 month old children with acute diarrhea in ambulatory settings in Isfahan, Iran, 2010".

17) Co- operate in: " The Prevalence of Anti HEV-IgG in Hemodialysis Patients and Control Group and Relation of Relative Risk Factors".

18) Co- operate in: "Seroepidemiology and Risk Factors of HIV Infection in Prison's IVDUs in Isfahan Province".

19) Co- operate in: "The prevalence of Toxoplasmosis in Isfahan province".

20) Co- operate in: "The prevalence of cytomegalovirus infection in people in Isfahan province".

21) Co- operate in: "A pilot study for Surveillance of acute respiratory infections among outpatients in Isfahan city (2009-2010) ".

22) Co- operate in: "Prevalence of hepatitis B, C, HIV infections and HBs antibody titer among private and governmental laboratories' staff in Esfahan city in 2009-2010".

23) Co- operate in: "Evaluation of the frequency of genetic resistance to Lamivudine and Adefovir in treatment naïve patients with chronic hepatitis B infection: a pilot study".

24) Co- operate in: "The assessment of Nutritional and Anthropometric Status and their relationship with CD4⁺ Count in HIV⁺/AIDS patients in Isfahan Referred to Navab Safavi Medical Center – 2005".

25) Co- operate in: "The assessment of the Relative frequency of prevalence of HBV, HCV and HIV in incarcerated juvenile in Isfahan in 2006".

26) Co-operate in: "Frequency of aspergillus spp in bronchoalveolar lavage samples by real time PCR in respiratory ICU at Al_Zahra hospital-2010".

27) Co-operate in: "Frequency of candida albicans in bronchoalveolar lavage samples by real time PCR in respiratory ICU at Al_Zahra hospital- 2010".

28) Co-operate in: "Comparing two approaches of blood culture and 16s rDNA Real time PCR in Diagnosing Bacterial infectious of febrile neutropenic Patients at Seyedo-Shohada Hospital in Isfahan in 2010-11".

29) Co-operate in: "Comparison assessment of two methods (Real Time PCR & Culture) in detection of Candida albicans in immuno compromised patients in Isfahan city hospitals in 2010-2011 years".

30) Co-operate in: "Frequency assessment of bacterial infections in the Patients with probable Meningitis by 16 s rDNA Real –time PCR in Diagnosing of Bacterial Meningitis at Al-Zahra Hospital in Isfahan in 2010".

- 31) Co-operate in: "Prevalence of Herpes simplex virus (type 1,2) and Mycobacterium Tuberculosis in CSF specimens from hospitalized with meningitis/encephalitis with Real Time PCR in Isfahan City hospitals 2010-2011".
- 32) Co- operate in: "Evaluation & comparison of KIR genotype in Hepatitis B patients, susceptible families to hepatitis B and normal population".
- 33) Co- operate in: "Etiologic assessment of pneumonia outbreak occurring in Isfahan Dastgerd prison by using Real time PCR in 2010-2011".
- 34) Co- operate in: " Isolation and identification of ESBLs, AmpC beta lactamases and Carbapenemase producing strains of Enterobacteriaceae in Al-Zahra Isfahan hospital and determination of their antibiotic susceptibility patterns".
- 35) Co- operate in : " The Assessment of Hepatitis B Seroprevalnce in personers with IVDU History in Isfahan province: Community Based study" .
- 36) Co- operate in : "The Relationship between Knowledge, Attitude and Caring Suevey toward HIV/AIDS patients among employed personnel in Isfahan university of medical sciences public hospitals and health centers in the year 2012".
- 37) Co- operate in: " Prevalence of Chlamydia trachomatis and potential Risk Factors among Cervical discharges from women with Risky Social Behavior in Isfahan, Iran, 2011".
- 38) Co- operate in: "Prevalence of Chlamydia trachomatis and potential Risk Factors in urine sample of women with Risky Social Behavior in Isfahan, Iran, 2012".
- 39) Co- operate in: "Prevalence of Neisseria Gonorrhoea and potential Risk Factors in urine sample of women with Risky Social Behavior in Isfahan, Iran, 2011".
- 40) Co- operate in: "Prevalence of Neisseria Gonorrhoea and potential Risk Factors among Cervical discharges from women with Risky Social Behavior in Isfahan, Iran, 2011".
- 41) Co- operate in: "Prevalence of HPV and potential Risk Factors among Cervical discharges from women with Risky Social Behavior in Isfahan, Iran, 2012".
- 42) Co- operate in: "Molecular and epidemiological study of Clostridium difficile in patients with diarrhea in University hospitals (Alzahra, kashani, Gharazi, Shariati) of Isfahan".
- 43) Co- operate in: "Molecular and epidemiological study of Clostridium difficile in patients with diarrhea in University hospital's intensive care units (ICU) of Isfahan".
- 44) Co- operate in: "Molecular study of Clostridium difficile in red meat (goat, camel, sheep or cow) sold in butcher shops in Isfahan".
- 45) Co- operate in: " Prevalence of metalobetalactamase VIM gene in carbapenem resistance Pseudomonas aeruginosa in ICU of Isfahan Alzahra hospital by PCR technique ".
- 46) Co- operate in: " Prevalence of metalobetalactamase IMP gene in carbapenem resistance Pseudomonas aeruginosa in ICU of Isfahan Alzahra hospital by PCR technique ".
- 47) Co- operate in: " Prevalence of metalobetalactamase SPM gene in carbapenem resistance Pseudomonas aeruginosa in ICU of Isfahan Alzahra hospital by PCR technique ".
- 48) Co- operate in: "Prevalence of metalobetalactamase GIM gene in carbapenem resistance Pseudomonas aeruginosa in ICU of Isfahan Alzahra hospital by PCR technique ".
- 49) Co- operate in: "Prevalence of metalobetalactamase NDM genes in carbapenem resistance Pseudomonas

aeruginosa in ICU of Isfahan Alzahra hospital by PCR technique".

50) CO-operate in: "Evaluation the seroprevalence of hepatitis A immunity in South- Eastern and area of Iranian adolescents aged 14-16 and 8-12 years in 2011".

51) CO-operate in: " Evaluation of prevalence of Trichomonas vaginalis infection by molecular method in cervical discharges and urine samples from women with risky social behavior and potential risk factors in Isfahan, Iran, 2013".

Publication: Article
